A very brief summary with many cadet lines missing to follow later. Family note descended from Barnaby Holt of Aston Hall but lacks any evidence that this is the case. Although Joseph's name is always "Holt" in the parish registers, it appears on two occasions in the Bishop's Transcripts as "Hoult".

The HOLT of Whitby line has a DNA Haplogroup of R-FTA641

A son of Thomas HOLT, William Skinner HOLT (1818 – 1898) bought Burnham Brewery in 1878 possibly whilst still living in Highgate. London and moved to Mark Road. Brent Knoll. Somerset.
